I'm planning for the next year 2013 HF,50 Mhz and 144 Mhz EME a
"long" Dx-pedition in Wallis and Futuna (AH16VR).

The UKSMG would like help in compiling a survey of your Most Wanted
Countries on 6m. We first conducted a survey in 2007 and the results
proved very popular in helping a number of leading Dxpeditioners decide
where to go next. The results of this survey will be published in the
January 2013 issue of Six News.
Once you have ticked the boxes on the attached PDF, please ensure you
have included your callsign in the necessary box, and then click on the
last box to email me your results.
Please note that this is not a survey of the most wanted countries
world-wide.
This separate survey can be accessed by going to:
http://www.uksmg.org/most-wanted-form.php

Thank you. Peter, *G3ZSS*, Editor of Six News.
